

Welcome to the Infant Room: Where the Adventure Begins!

Welcome to our infant room! We are Miss Kassie and Miss Trystin!

Our main goal is to keep your child safe and happy. We are asking that you become a partner with us in your child's education in order to not only ensure consistency, but also to have you be a part of their learning as well. We will only have your child for a short time and we want to be sure what they learn in our room will be the start of a wonderful learning experience that will last a lifetime.

We know that before we begin teaching your child, we must first begin with making your child feel at home in our classroom as well as building a special bond with each of them. Our second priority in your child's social and emotional development is helping all of your children come together into our learning community.

Each week, we do weekly lesson planning that touches on all age appropriate areas that stimulate the physical, cognitive, and emotional needs of your child. We strive for consistency in our room with schedules of not only the children, but our staff and routines as well.

We like to keep open communication between teachers and parents so that we can ensure we are meeting the needs of your child and family. When you join our class, please take a moment to tell us a little about your child:

- Things about your child you feel are important for our class and fellow teachers to know—allergies, naptimes, etc.
- Interests they have shown—likes and dislikes.
- How you see your child as a learner and person

Anytime you need to get in touch with us, please feel free to jot a note, message through Kinderlime, or talk to us in person to let us know what we can do or change to better meet your needs as a family—we welcome any suggestions!

Thanks a bunch, and we so look forward to a wonderful time with your child in our class!

Best,
Ms. Kassie & Ms. Trystin
